

Lightest DECT™ headset on the market

Enjoy best-in-class PC audio

Savi® 440

Weightless, wireless freedom to roam

The Savi® 440 is a super-lightweight DECT™ headset with a 120 metre wireless range, advanced power features that enable unlimited talk time, and the ability to connect up to four headsets on a single call.

IDEAL FOR:

- Flexible office worker using PC for voice telephony and multimedia
- Best audio quality for hectic busy offices

Savi 440

Easy to use and natural-sounding calls. One touch control to answer and hang-up, and switch between softphone calls for simple call management. Plus, with CAT-iq wideband, DSP and a host of other advanced audio features, the Savi 440 delivers crystal clear, natural voice call clarity.

KEY FEATURES

Superior call management

- Manage PC voice communications and multimedia with the lightest DECT wireless headset on the market
- Hot swappable battery* lets you change battery mid-conversation delivering unlimited talk time
- One-touch call answer/end/flash, vol+/-, mute from the headset for simple PC call management
- An energy-efficient adaptive power system, delivers longer talk and standby times

Outstanding audio quality

- DECT technology provides better audio; eliminates interference from Wi-Fi networks
- Advanced wideband audio using CAT-iq technology for high definition voice quality
- Noise-cancelling microphone reduces background noise interruptions, ensuring great audio quality and easing listener fatigue
- Enhanced Digital Signal Processing (DSP) provides more natural sounding voice

Recommended accessories

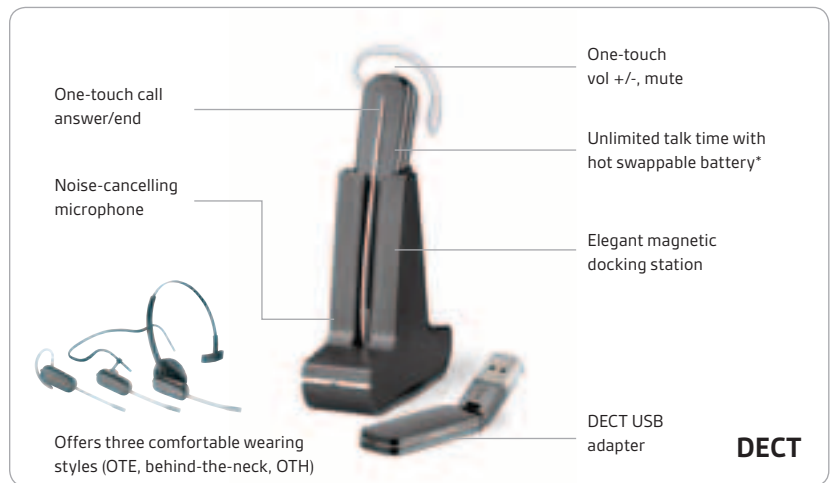

- Deluxe charging cradle kit, charges headset and spare battery (includes cradle + battery)
- Deluxe USB charging kit, charges headset and spare battery (includes charger + battery)

*Additional battery sold separately. In order to take advantage of unlimited talk time and charge 2 batteries simultaneously you will need one of the accessories shown above, both of which are sold separately.
